1. Above Dubrovnik, on the height known as Amuncijata, anti-aircraft gun emplacements have been built, but the guns themselves are in sheds in the Donja (lower) barracks where the Hercegovina Infantry Regiment is billeted.
2. Certain underground concrete works are currently being constructed on the so-called Gospino Polje on the road to Lapad, near the church of Sv. Mihajlo. Reportedly, underground tanks for petroleum and gasoline will be installed there.
